

The Christian Church (Disciples of Christ) in North Carolina works diligently to serve congregations. That may be

helping a congregation through ministerial transition, or leading worship at a retreat; assisting a congregation to see its future, or suggesting a new resource for pastors

One valuable ministry of the Christian Church in North Carolina is financial support of the camping and retreat program at Camp Caroline. Churches are constantly involved in pastoral change and we work to match qualified and gifted ministers with congregations.

Seventy five people preparing to answer the call to ministry are assisted and supervised by the Regional Ministry Commission. Once they are credentialed ministers, the Region continues to offer educational and training opportunities.

During 2017, the Region seized the opportunity to sell our office building and move into space offered by First Christian Church in Wilson. Money which would go into the costs of building ownership, will be used in ministry and mission.

Most importantly, the role of the Region is to connect congregations to the rest of the church. Pastoral care, interest, oversight and sharing enable us to be the hands, feet, voice, and heart of Jesus Christ.

To do the many ministries of the Regional Church, we need your help and support. One hundred percent of your gift will support and uplift the ministries of the Christian Church in North Carolina. Please give generously.
